Deadline for the May Gas Gauge:

APRIL 27, 1984

APRIL 1984

The April tour will be held on SATURDAY, APRIL 14, 1984 - hosted by the Gilberts with assistance from others, we hope. Meet at Flat Top Park in West Richland at 11:00 AM. We will tour west and eventually end up in Prosser. The tour will include TWO contests with prizes; one tailored to those who feel observant, and one for those who just feel lucky. The tour will terminate back in Richland with (optional) fellowship at a yet-to-be-determined pizza parlor. Let's have a good turnout for this tour - old cars are encouraged, but please don't let your lack of an operational one stop you from coming along and joining in the fun!

President's Message

I will miss you all at the April 11th meeting, as Robbie and I will be in Vancouver, B.C. at a Piano Technicians Guild Convention. My ego has been flattered as I have been invited to teach several classes to my fellow Guildsmen.

We shall all miss Kent Curl, as he has been transferred to Illinois and then to Ohio. His willing hands and willing heart as well as his "Big Old Bod" will leave a big hole in our organization, as well as in the Tri-Cities.

A special thanks to Marv for a terrific paint seminar and I'm looking forward to his next one, for our May meeting. Think I might take a crack at handling the old gun myself--on Gilberts' Dodge, that is if I'm asked with the proper respect!

I still need several bodies for security for the swap meet.

If you plan to participate in the Transportation Week festivities let me know as soon as possible. Information on the parade and exhibits are elsewhere in the Gas Gauge.

Since I won't be there for the next meeting, Jack, the chair is yours!

See you all in May.

-Don Simmonson

Ye Olde Car Club - Meeting March 14, 1984 - Marv's Sales - Pasco

Don Simmonson brought the meeting to order shortly after 6:30 with a "full house" attending. Minutes had been published in the Gas Gauge and were not read at the meeting. Don requested items of business be brought forward.

Jack Yale requested response for the tour sheet "Mr. Yuk Green". The one from previous months had been lost. Jim Gilbert expressed the need for a few more local tours for those who want to participate but find it difficult to make the longer out of town gatherings. Thanks to those who do sign up for local tours to add interest to our club activities. We do receive flyers from a number of other clubs mentioning their tours and swap meets and can participate in them also. Parades have provided an excellent chance for members to "lead" a small group of participants. It is possible you may see this tour sheet pass among you again in the future.

Dixie Gilbert presented three printouts conveying our membership and car ownership. These printouts show the different ways this same information can be presented dependent upon the purpose.

Wallace Birchill read a letter asking for information regarding a set of wheels. This in turn brought forward a mention from Cork regarding the fire department's need for tires for its antique. These items will be in the Gas Gauge with further explanation.

Camp Wooten, May 19 and 20, was discussed. Other clubs have been invited to attend this year and any reservations should be made as soon as possible. Write Box 442, Lewiston, Idaho 83501. Costs for the tour are \$12.00 for adults; and \$6.00 for children.

Don Simmonson announced he would be out of town next month at meeting time. Jack Yale will get to try his hand at Presidency.

The formal meeting adjourned for the Paint Seminar. Marv mentioned his CBC Paint Seminar on Top Coats to be held April 26 at 7:00. He then began a most interesting and informational presentation ranging from down to bare metal and up thru top coating. Considerable note taking and other means of recording of the information took place.

The list of questions prepared by Dixie from club members acted as a guideline for his presentation. Questions from the group were welcomed.

Marv brought his presentation to a close asking if the group would like to have another seminar. The group agreed May 9th, a meeting date, would be most agreeable. It will be held at his shop starting with a brief meeting to begin at 6:30.

Meeting adjourned 9:30.

-Peggy Yale

GRAND CIRCLE TOUR
JUNE 23 - JULY 4

ALL IS READY - No change in plans; however, I did make one error in a phone number. The Nevada City/Virginia City phone number is incorrect, it should be 406-843-5377. You may get a recording, so leave your number and they will call back. Also their rate is higher than I previously reported.

I'm almost perfect . . .

-Cork

CALENDAR OF EVENTS

- April 7-8 Portland Swap Meet
- 11 Ye Olde Car Club Business Meeting
- 14 Spring Tour to Prosser
- 28-29 Gallopin' Gertie Swap Meet
- 29 Corvallis Swap Meet

- May 5 TRI-CITIES SWAP MEET
- 9 Second Paint Seminar at Marv's Sales
- 12 Transportation Exhibit and Parade
- 19-20 Camp Wooten
- 25-28 Nostalgia Days - Colville
- 26-28 Dayton Days Auto Show
- 27 Yakima Old Car Club Picnic

- June 1-3 Fun In The Sun Tour - Yakima

TOUR CHAIRMEN TOUR CHAIRMEN TOUR CHAIRMEN TOUR CHAIRMEN

Come on fellows, somebody has to lead the tours . . . Vice President, Jack Yale, could use some volunteers. Gilberts will host a Spring Tour in April, Kelseys will lead the crew to Camp Wooten (I've heard rumors of a short tour after the swap meet, too), Simmonsons have a tour scheduled for June, Johnsons for July and Yales have the Fair Parade in August. We could use another activity in August - the touring weather is great. Any volunteers for September and October? AN ACTIVE CLUB TOURS! Call Jack and help out!

CAMP WOOTEN
MAY 19 - 20, 1984

The Lewiston Crankers are planning grand things again this year. They hope to make their 9th Camp Wooten outing the best yet. This year the Spokane "T" Club will be joining the fun. The Crankers urge you to get your reservations in early - the camp only holds 189 people - **DON'T BE LEFT OUT!**

PASCO'S
100th
YEAR

Pasco's 100th Year Centennial Transportation Celebration May 12 - Pasco

1884-1984
CENTENNIAL

The week of May 12th is National Transportation Week. "A Mobile Transportation Exhibit" will honor the industry as part of Pasco's centennial celebration.

Scheduled events of the May 12th exhibit are:

- 10:00 A bronze plaque will be presented to the city.
- 11:00 A procession of antique and modern vehicles, led by the Budweiser Clydesdales, will move through Pasco.
- 11:00-4:00 Exhibits displayed at the following locations:
Airport Big Pasco Volunteer Park
Burlington Northern Marina Park
- 12:00-4:00 Free tour buses to each of the exhibit locations. Points of interest in Pasco will be highlighted along the routes.

For more information or to participate in the Mobile Transportation Exhibit telephone Don Simmonson 586-3506 or 586-4245.

MORE INFO AT
THE APRIL MEETING

SPRAY GUN TEST PATTERNS

CONDITION	CAUSE	CORRECTION
 RIGHT	Correct Normal Pattern.	No Correction Necessary
 WRONG Heavy Top Or Bottom Pattern	1. Dirty or damaged air cap. 2. Dirty or damaged fluid tip.	1. Rotate air cap 180°. A. If pattern follows air cap, problem is in air cap. Clean and inspect. If pattern is not corrected, replacement is necessary. B. If pattern does not follow the air cap, the problem is in the fluid tip. Clean and inspect the tip for dried paint, dirt or damage. If the pattern is not corrected, replacement is necessary.
 WRONG Split Pattern	1. Air pressure too high for material viscosity being sprayed.	1. Reduce air pressure. 2. Increase material viscosity. 3. Pattern may also be corrected by narrowing fan size with spray width adjuster control knob.

SPRAY GUN TEST PATTERNS

CONDITION	CAUSE	CORRECTION
 WRONG	1. Dirty or distorted air horn holes. 2. Complete blockage of one air horn hole.	1. Rotate air cap 180°. A. If pattern follows air cap, clean and inspect the air horn holes. If horn holes are distorted replacement is necessary.
 WRONG Gun Spitting	1. Air getting into paint stream somewhere. EXAMPLE: Same symptoms as a siphon cup running out of paint.	1. Check and tighten fluid needle packing nut. 2. Tighten fluid tip. 3. Check fluid tip seat for damage. 4. Check siphon tube for crack. 5. Check for poor gun to cup seating.
 Air Back Pressuring Into Cup	Excessive Air Blowing Back Into Cup.	1. Tighten fluid tip. 2. Check fluid tip seat. 3. Check for damaged fluid seat on tip or seat in gun head.
